

SELF-HELP

National Cancer Institute Information Resources

1. Telephone

Cancer Information Service (CIS)

Provides accurate, up-to-date information on cancer to patients and their families, health professionals and the general public. Information specialists translate the latest scientific information into understandable language and respond in English, Spanish or on TTY equipment. For more information contact 1-800-422-6237 or TTY callers 1-800-332-8615.

2. Internet

<http://www.cancer.gov>

This is the National Cancer Institute's primary web site. It provides information about the Institute and its programs.

<http://cancertrials.nci.nih.gov>

Provides clinical trials information for patients, health professionals and the public. Includes information on understanding trials, deciding whether to participate in trials, finding specific trials, plus research news and other resources.

<http://cancernet.nci.nih.gov>

Contains materials for health professionals, patients and the public about cancer treatment, screening, prevention, supportive care and clinical trials and CANCERLIT, a bibliographic database.
